

Call Your Representatives

- **Dial the Capitol Hill Switchboard: (202) 224-3121**
- **Ask to be connected** to your Representative's office.

Use this phone script:

"Hello, my name is **[Your Name]**. I am a constituent calling from **[Name of Senior Living Community]** in **[City/Zip Code]**.

I'm calling to urge Representative **[Representative's Last Name]** to protect our community caregivers from immediate arrest and deportation by **signing the discharge petition for the American Dream and Promise Act**.

The caregivers who look after me and my neighbors **are facing sudden arrest and deportation with TPS ending**. In our community, these people provide the hands on medical care and support that allows us to live safely and with dignity.

Losing them will collapse America's communities of care overnight. Please stand up for seniors and **sign the discharge petition for the American Dream and Promise Act immediately** to force a vote and keep my community safe and with the care we depend on. Thank you."

[OPTIONAL: Add 1-2 sentences about your personal experience with a caregiver, e.g., "In our facility, our foreign-born care staff provide essential daily care that allows residents to age with dignity and stability."]

(Tip: Daily calls make a significant difference.)

Call Your Senators

- **Dial the Capitol Hill Switchboard: (202) 224-3121**
- **Ask to be connected** to your Senator's office.

Use this phone script:

"Hello, my name is **[Your Name]**. I am a constituent calling from **[Name of Senior Living Community]** in **[City/Zip Code]**.

I'm calling to urge Senator **[Senator's Last Name]** to protect our community caregivers from immediate arrest and deportation by **co-sponsoring Senate Bill 4814**.

The caregivers who take care of me and my neighbors every day are facing immediate arrest and deportation. Senior living communities across America depend on these workers, and without them, we will all suffer greatly with the loss of the attentive, respectful, and dignified care that we worked our whole lives for and have earned. Our senior living community simply cannot function without them.

Please protect America's seniors and stop these deportations by co-sponsoring **Senate Bill 4814** today. Thank you."

(Tip: Daily calls make a significant difference.)
