

Email Template - House of Representatives

Subject: Sign the discharge petition to stop caregiver deportations

Dear Representative [Last Name],

I am writing to you as a constituent living in [Name of Senior Living Community] in [City/State].

The caregivers who take care of me and my neighbors every day are facing immediate arrest and deportation. With TPS ending for hundreds of thousands of immigrants, including many Haitian care workers, my home is facing an emergency.

I urge you to stand up for our communities by taking one immediate step: **sign the discharge petition for the American Dream and Promise Act**. Joining this bipartisan effort will force a floor vote on the bill and offer a potential pathway to permanent legal status for the long-time Temporary Protected Status (TPS) holders who keep America's senior care system running.

Foreign-born caregivers provide the daily hands-on care, medication support, and personal assistance that allow us to live safely and with dignity. Forcing these dedicated people out of the country will collapse America's care infrastructure overnight and leave seniors abandoned without the support and care we depend on.

Please protect America's seniors and stop these deportations by signing the discharge petition today.

Sincerely,

[Your Name]

Constituent & Resident of [Name of Senior Living Community]

[City, State, Zip Code]

Subject: Co-sponsor S. 4814 to stop caregiver deportations

Dear Senator [Last Name],

I am writing to you as a constituent living in [Name of Senior Living Community] in [City/State].

The caregivers who take care of me and my neighbors every day are facing immediate arrest and deportation. With TPS ending for hundreds of thousands of immigrants, including many Haitian care workers, my home is facing an emergency.

I urge you to stand up for our communities by taking one immediate step: **co-sponsor Senate Bill 4814**. Supporting this legislation provides immediate relief and protects the long-time Temporary Protected Status (TPS) holders who keep America's senior care system running.

Foreign-born caregivers provide the daily hands-on care, medication support, and personal assistance that allow us to live safely and with dignity. Forcing these dedicated people out of the country will collapse America's care infrastructure overnight and leave seniors abandoned without the support and care we depend on.

Please protect America's seniors and stop these deportations by co-sponsoring Senate Bill 4814 today.

Sincerely,

[Your Name]

Constituent & Resident of [Name of Senior Living Community]

[City, State, Zip Code]
