

Call Your Representatives

- Dial the Capitol Hill Switchboard: (202) 224-3121
- Ask to be connected to your Representative's office.

Use this phone script:

Hello, my name is **[Your Name]**. I'm a constituent and resident of **[Name of Senior Living Community]** in **[City/Zip Code]**.

I'm calling because I'm very concerned and angry about the loss of Haitian caregivers who have been protected by Temporary Protected Status.

These caregivers are people our community knows and depends on. They provide essential care to seniors every day, and many of us rely on them for our safety and well-being.

If these caregivers are forced to leave, what is the plan for the seniors who depend on them?

I am asking Representative **[Last Name]** to demand that the administration **reinstate protections for Haitian TPS holders**.

And I am asking the Representative to **sign the discharge petition for the American Dream and Promise Act and force this issue onto the House floor for a vote**.

Please make sure the Representative understands that seniors in our community do not accept the loss of these caregivers as inevitable.

Thank you. I would appreciate knowing what the Representative plans to do about this.

[OPTIONAL PERSONAL EXPERIENCE]

I have personally seen how important our caregivers are. **[Add 1–2 sentences about a specific caregiver or the care they provide.]**

Call Your Senators

- **Dial the Capitol Hill Switchboard: (202) 224-3121**
- **Ask to be connected** to your Senator's office.

Use this phone script:

Hello, my name is **[Your Name]**. I'm a constituent and resident of **[Name of Senior Living Community]** in **[City/Zip Code]**.

I'm calling because I'm concerned and angry about the loss of Haitian caregivers who have been protected by Temporary Protected Status.

These caregivers are people our community knows and depends on. They provide essential care to seniors every day. They know our residents, understand our needs, and are already part of the care teams we rely on.

Senior living communities are already struggling with staffing. **If these caregivers are forced to leave, what is the plan for the seniors who depend on them? This is an unsafe situation.**

I am asking Senator **[Last Name]** to demand that the administration **reinstate protections for Haitian TPS holders.**

And I am asking the Senator to **co-sponsor S. 4814 and push for action on legislation that provides a permanent solution for these caregivers and the communities that depend on them.**

Please make sure the Senator understands that seniors will not simply accept losing the caregivers we depend on.

Thank you. I would appreciate knowing what the Senator plans to do about this.

[OPTIONAL PERSONAL EXPERIENCE]

I have personally seen how important our caregivers are. **[Add 1–2 sentences about a specific caregiver or the care they provide.]**
